## Celebrating Artistic Excellence

### Jillian's Mural Adorns the Small Conference Room

We are thrilled to showcase the exceptional talent and creativity of our very own Jillian Hagadorn, whose passion for art has enriched our workspace in the most beautiful way. With meticulous attention to detail and a profound love for her craft, Jillian has created a stunning mural of Orval and Ken Haun on the Small Conference room wall, leaving an indelible mark on our workplace environment.

This project began with a vision to transform the Small Conference room into a space that not only inspires creativity but also pays homage to the history and story of Haun and the individuals who have made a significant impact on our organization. Jillian accepted the ambitious task of bringing this vision to life. Over the course of the last few weeks, she carefully sketched and painted the mural, infusing it with an unparalleled sense of depth. The result is a magnificent piece of art that captures the essence of Orval and Ken Haun while adding an enriching layer of visual storytelling to our workspace. By sharing her remarkable talent with us, Jillian has demonstrated the powerful role that art plays in shaping our work environment. Her mural will not only serve as a focal point for creativity, but will surely spark conversations and inspire all who enter the space. We are incredibly grateful for her contribution, and we look forward to witnessing the lasting impact of her beautiful creation for years to come.
